learn, including:

Throughout primary school, you may have been provided with a list of these words to

rules or words where the usual rules act in an unusual way.

Common exception words are words that do not follow the common phonetic spelling

### S38: Adding suffixes beginning with vowel letters to words of more than one syllable

A suffix is added to the end of a root word to make a new word.

When a word ends in y, change the y to an i before the suffix is added but not before -ing.

For example:

happy + est = happiest

The final consonant is doubled before the vowel suffix is added if the root word:

- ends with one vowel and a consonant
- has more than one syllable
- has the last syllable of the word stressed

For example:

begin + ing = beginning

A suffix is added to the end of a root word to make a new word.

You can change verbs into nouns by adding the suffix -ation (meaning an action or a process).

For example:

**expect + ation = expectation.**

Sometimes the root word changes before the suffix is added.

When a word ends in a y, change the y to an i before adding the suffix -ation. Usually, a c is also added after the i.

For example:

**specify + ation = specification**

Drop the silent -e at the end of a root word before adding the suffix -ation.

For example:

**circulate + ation = circulation**

## S53: Endings which sound like /shus/ spelt -cious or -tious

By adding the suffix -cious or -tious to a root word, we can turn a noun into an adjective.

If the root word ends in -ce/-cion, remove -ce/-cion and replace it with -cious.

For example:

**space + cious = spacious**

If the root word ends in -tion, remove -tion and replace it with -tious.

For example:

**ambition + tious = ambitious**

Be careful! Not all words follow these rules.

For example:

**price + cious = precious**

**conscience + tious = conscientious**

1 Complete the table below.
