Dear

You will never believe what just happened! We were on the road to Emmaus thinking about...

Jesus	crucified	empty tomb
--------------	------------------	-------------------

We were feeling because.....

sad	lonely	upset
------------	---------------	--------------

Then all of a sudden a stranger.....

We told him.....

But the stranger seemed very shocked at us. He said.....

foolish	Scripture	Jesus suffered for our sins
----------------	------------------	------------------------------------

We felt after we had talked about our friend and the Scripture so when it got dark and we reached Emmaus we.....

better	comforted	happier	invited	stay
---------------	------------------	----------------	----------------	-------------

It was dinner so we.....

eat	table	talking
------------	--------------	----------------

The stranger took.....

bread	broke	blessed
--------------	--------------	----------------

At that moment we realised.....but.....

Jesus	vanished	disappeared
--------------	-----------------	--------------------

Filled with joy and excitement.....
