

Two tigers are shown in profile, roaring with their mouths wide open, showing their teeth and tongues. The background is a soft, hazy light. The entire scene is framed by a green border.

Task 1

Research what various animals eat using iPads. Construct a table of your choosing in your books to effectively sort the animals into Omnivores, Herbivores and Carnivores

Task 2

Now you have classified the animals that you have researched, using your findings, give a definition for what you think it means to be an Omnivore, Carnivore and Herbivore.
