

# Year 3 Maths 

WEEK BEGINNING: 8.6.20

## Monday $8^{\text {th }}$ June

## Recognise and find fractions of sets of objects

Use the 'Find fractions of objects' pdf on our Home Learning Page to help you with your learning today.
After you have done that, complete the questions on LBQ or My Maths

## Tuesday $9^{\text {th }}$ June

## Recognise and find fractions of numbers

https://www.thenational.academy/year-3/maths/to-find-unit-fractions-of-a-given-quantity-year-3-wk1-4

Have a look at this lesson on the Oak National Academy. Don't worry that we haven't looked at the lessons before as you have looked at similar things in school. There will be questions to complete on here or on LBQ.

## Wednesday $10^{\text {th }}$ June

## Recognise equivalent fractions

Use this fraction wall and the pdf on our home learning page and then try the questions on LBQ or My Maths.

## Thursday $11^{\text {th }}$ June

## Compare and order fractions

Use the pdf on our Home Learning page and then try the questions on LBQ. This fraction wall can help you to visualise the fractions like yesterday.
