

This half term we will be focusing of the narrative my Michael Morpurgo "War Horse". We are looking to get creative this half term and will be writing many amazing pieces of writing. To begin with we shall be exploring the setting and atmosphere of the world war one battlefield in northern France. To do this, we shall be writing a setting description for our Big Write. First however, I would like you to practice your skills using two pair sentences.

Remember two pair sentences use two pairs of adjectives at the start of the sentence to add detail to the Noun. Mr Spencer has done one for you below.

Battered and **broken**, **exhausted** and **dismayed**, the **soldiers** stood defiantly against the oncoming bullets.

Use the image below to inspire you!

Write 5 two pair sentences, each describing a different part of the image.
